Theo Wanne's 'Durga' Mouthpiece Completes Series

MASTER MOUTHPIECE CREATOR Theo Wanne, has completed a ten-year quest in developing the radical new Durga sax mouthpiece. The Durga tops off Wanne's mouthpiece lineup with its high-powered version of his True Large Chamber design. Sax musicians can now choose from five models for a spectrum of sounds ranging from hauntingly dark to screaming and powerful.

"My desire with my mouthpieces is to support the musician in full musical expression," said Wanne. "I want to help musicians unleash their deepest inner creativity. I've been working on bringing my True Large Chamber mouthpiece vision to musicians for almost ten years. This is a huge accomplishment for me."

"Theo Wanne has done it again!" said two-time Grammy Award winner Jeff Coffin (Bela Fleck and David Matthews Band). "I feel he has brought a new dimension in mouthpieces to us that will not only stand the test of time but will be a benchmark mouthpiece for many, many years to come. Tell sax players, the bar has been raised."
