**Sexy DURGA Tops Sax Mouthpiece Spectrum with New Radical Design**

Master mouthpiece creator, Theo Wanne, has completed a ten-year quest. The Big, Fat, Sexy and Screamin' DURGA mouthpiece tops-off his mouthpiece lineup with its Power-Version of Theo's signature True Large Chamber mouthpiece designs- Rockers Beware! Sax musicians can now choose from a hauntingly dark mouthpiece up to an incredibly Sexy and Powerful mouthpiece. Five models, all with Theo's Revolutionary True Large Chamber, span this spectrum.

Making mouthpieces is Theo's way of being of service to musicians. Theo is passionate about helping musicians express themselves musically.

Theo says, "My desire with my mouthpieces is to support the musician in full musical expression. I want to help musicians unleash their deepest inner creativity. I've been working on bringing my True Large Chamber mouthpiece vision to musicians for almost ten years. This is a huge accomplishment for me."

Theo's mouthpieces are famous for their True Large Chamber. Theo uses the term *True Large Chamber* in referring to his mouthpieces' because his mouthpiece chambers are 30% larger than traditional large chamber mouthpieces. Although the larger chamber is much harder to manufacture, it significantly improves the sound.

Two time Grammy Award Winner Jeff Coffin (Bela Fleck and David Mathews Band) , says "Theo Wanne has done it again! I feel he has brought a new dimension in mouthpieces to us that will not only stand the test of time but will be a benchmark mouthpiece for many, many years to come! Tell sax players, the bar has been raised."

Theo Wanne Classic Mouthpieces is excited to share the world's highest quality and only fully CNC machined True Large Chamber mouthpieces with musicians worldwide. The completion of the DURGA marks a momentous day in Theo's ten year trek to bring his vision to saxophone players.
